

Scottish National Racing Pigeon Club

Annual Late Bred Sale

Prominent members of the SNRPC offer a superb batch of late bred youngsters bred from some of the finest long distance pigeons in the country. We are a small organisation flying from race points in France most of the time with very small convoys, as you know flying these long distances today is very difficult but with a small convey it is even more so but these pigeons never fail to astound us with their magnificent performances. For example our extreme distance race this year from Troyes (600 miles plus into most areas) had only a very small convoy of 47 pigeons and due to the race day conditions and extreme heat none were recorded on the day but 31% of the convoy made it home with 15 of them in race time making the open result, all our races close at 400 ypm., many others returning the following day some members reporting 100% returns, we experienced similar conditions from our Gold medal race with extreme heat and a north east winds again a very hard race with the eventual winner being clocked at 05.27 the second morning flying 582 miles. A high percentage of the 264 bird convoy returning home in very good time. Late bred's on offer in this sale from these tremendous pigeons.

RAFFLE PIGEON FROM THE LOFT OF ONE OF THE BEST FANCIERS IN THE COUNTRY P W VIRTUE.

Lot 1. Peter Keogh Broxburn. A current winning loft 2018 1st & 3rd sect 6th open Reims (561Mls). 1st sect 11th open Troyes (618Mls) 1st 2nd 3rd sect Arras.(469 Mls)
