

## *Scottish National Racing Pigeon Club*

### *Race Point Change*

On advice from the RPRa we have decided to change our race on the 24<sup>th</sup> July from Ypres to Hazebrouck in France (approximately the same distance as Ypres), evidently other organisations have been finding great difficulty obtaining permits from the Belgian authorities to race from Ypres therefore we have opted to change to this RPRa approved race point which is situated close to the Belgian border approximately midway between Arras and Dunkirk.

Apart from this change our programme remains the same. **Please remember and let your marking station convener know approximate the numbers of birds you are intending to send to the Billericay national by Sunday evening 12<sup>th</sup> July or before, it is vital that we have some idea of the projected birdage as this will enable us to finalise the necessary transport.** We apologise to our members for any disruption caused by this change to the programme but under these circumstances we had no alternative.

## Section E

We are pleased to announce that there will be a marking station for section E this season it will be again at the Greenfield clubrooms Hamilton the station convenor is Andy Graham and clock convenor David Graham.

E/Mail address error

My apologies to anyone affected by this error on our headed paper, the correct email address for David McArthur our secretary is

[snrpc.secretary@hotmail.co.uk](mailto:snrpc.secretary@hotmail.co.uk)

Good luck to all in the coming national races.

Duncan Knox Press Officer
